Characters & Story

Super-sweet, super-innocent Rito, along with Planet Deviluke's Princess Lala--the girl whose beauty is the pride of the cosmos--and Rito's classmate Haruna, are woven together throughout this cute, teensy-bit naughty, slapstick romantic comedy!!

Tenjouin Saki

A super-rich and upper-crusty girl who is one year ahead of Rito and his pals in school. She holds herself in high esteem and burns with a passion that makes her see Lala as a rival. Whenever the opportunity presents itself, you can bet she'll be picking a fight with Lala.

The school nurse at Sainan High School, which Rito and friends attend, and an alien like Lala and company. Her secret job is providing medical care for aliens living on Earth.

Ryouko Mikado

Yami (Golden Darkness)

An assassin with a reputation as the deadliest in all the universe. She came to Earth on a mission to take Rito out, but her attitude has slowly been changing ever since she first met Lala!

Run and Ren

Lala's childhood friend who made a marriage pact with her when they were very young. In order to make good on that promise, he transferred to Sainan High School. When they sneeze, the boy Ren and the girl Run switch places.

Zastin

Commander of the Deviluke Royal Guard. A man who is said to be Planet Deviluke's most powerful warrior, but in reality...

Kotegawa Yui

A classmate of Rito and friends who is uncompromising in her refusal to permit any flouting of public morality. She has marked Rito and Lala as people to be extra cautious of!

Lala Satalin Deviluke

The first princess of Planet Deviluke, seat of power for the entire Milky Way Galaxy. She rejected the suitors her father selected for her, and ran away from home to Earth. However, after truly falling for Rito--whom she met in a chance encounter--they've started living together. Somehow, even though the fact that she's an alien was a secret (without her even really being aware of the cover-up) a trivial occurrence let the truth slip out. Everybody pretty much took it in stride.

Peke

A Universal Costume Robot, built by Lala. He can transform into a variety of shapes, taking the form of a dress, a uniform, and more.

Yuuki Rito

A first year student in high school. As it turns out, after Lala warped away from her ship, a sudden bath-time encounter led to them living together. He's a late-bloomer when it comes to romance. He was in the middle of trying to confess his feelings for Haruna--the girl he's crushed on since junior high--when, in the heat of the moment, he accidentally confessed to Lala, who appeared in between them. He ended up becoming her lone fiancé.

Sairenji Haruna

A girl who has been in the same class as Rito since junior high and who seems to secretly like him! She is a quiet, mild-mannered, prim and proper beauty. However, when her fear hits extreme levels, she tends to fly into a panic and totally lose it...

Yuuki Mikan

Rito's little sister. Rather than taking issue with the whole "Lala is an alien" thing, Mikan welcomes her into their home with open arms. She had to grow up fast and is quite a stable, level-headed person.

Character File

Kotegawa Yui

☆New Character

Kotegawa Yui was a new series regular that we came up with as a way of commemorating a full year of serialization.

☆Her Role as a Recurring Character

She's a character with an abundance of common sense. That was a point about her character that Yabuki-san and our supervisor came up with in a meeting. In the midst of a sea of characters who totally lack common sense (which pretty much describes all of the *To Love Ru* cast), Yui plays the "straight man" role, if you will. I actually feel like she and Rito have pretty similar dispositions!

☆Personality

As mentioned above, in the course of our work, we had to create a character with a personality type that wasn't already in the existing cast of characters, so we started with someone possessing an abundance of common sense. From there, we opted to give her a tough, serious personality. What's that, you say? That explanation's hard to understand? Okay, well, let me make it a little clearer--she's what you might call a tsundere (bitter laugh)!

☆Love

In a way, Yui's actually similar to Rito, in that she's sort of ignorant when it comes to romantic matters. Up to this point in her life, she hasn't experienced actual love. Because of that, she can be a little awkward when dealing with members of the opposite sex. But that's one of her charms, too! In the future, I think we'll probably see a shift in her relationship with Rito and his friends.

☆Name

I came up with the name "Kotegawa," and Yabuki-san picked "Yui." It's actually pretty common for us to do that--rather than always wondering, "Okay, who's going to name this character?" we instead get into a cooperative mood and hash things out that way (laughs)!

Character File

Momioka Risa & Sawada Mio

☆Haruna's Friends

We created Risa and Mio specifically to be Haruna's friends. The three of them certainly get along, but it's a liiittle tough to say just *how* good of friends they are (laughs). But they're nice girls, so I think they're more than likely to be what you'd call close friends. On a somewhat related subject--Risa and Mio were friends first, and then they became acquainted with Haruna when they all entered high school.

☆Risa

Risa comes off as a young woman who's just a little bit mature. I don't really understand such things, but I think she might be just a bit of a sadist (What on earth am I writing?! [bitter laugh]). She also really enjoys the way girls react when she grabs their chests.

☆Mio

As for Mio, I guess she's a bit of a masochist. *Oof*, this is going to a weird place, huh? Mio's our first girl with glasses in *To Love Ru*. I'm not really sure what we can do with that, but hey (I'm sweating over here!).

☆Eventually...

Risa and Mio have the ability to really take charge, so they're great for when we need to move the story to a certain place. Right now, I think they have an image of being an inseparable pair, but eventually, I think we'll try to delve into each of them more as individuals.

To Love Ru Gaiden: Galaxy Legend ☆ Zastin –Final Chapter–

PRESENTED BY SAKI HASEMI

The three women walked along. They didn't look at all like the rest of the folks in town, but thanks to a certain somebody, the locals weren't really all that fazed by their appearance.

"Finally... *Finally* we've made it... Zastin-sama is in this neighborhood."

"Then how long will it be until we can see Zastin-sama, Shiny?"

"Don't be in such a hurry, Idil... Now let's see... Umm... How do you read this map, Pria?"

"Hmm... We go straight ahead here and then turn right at the corner, looks like."

"Alllll right! Here we come, Zastin-samaaaaa! ♪"

"Hey, wait up!"

"Heeey! Waaaait up, pleeeeeease!"

"All right, listen up! When it comes to flirting, it's all decided on the approach—and I'm gonna teach you how to approach like a pro!"

"Yahoo! Classic Motemitsu-senpai! Just when we were thinking you hadn't appeared in the main story for a while, you show up here and totally rock it! And we're here too?! Awww, yeah!"

"All right! Those three babes from earlier are coming this way!"

Shiny, Idil, and Pria came walking out of the narrow alleyway. Of course, our high school's ace Motemitsu wasn't worried one bit about whether or not the three of them were from outer space. All it comes down to is whether they're a guy or a girl, and that's it.

"Hey there, ladies. You lost? Because heaven's sure a long way from here!"

"Using such an outdated line like that is totally a Motemitsu-senpai move!"

"What the?! Are you trying to hit on us?!"

"Hwaa?! Yiiiiikes!"

It was totally reasonable for Motemitsu to be surprised. Those three aliens didn't have the standard looks of beautiful girls from Earth. Scrunching up their faces, they stuck out their tongues with a "bleeeeh!"

"Ooh ho ho! ♪ Wait, he's an even nicer boy than Zastin-sama, isn't he?"

"He really is!"

"F-forgive meeee!"

"Senpaaaaai! Wait uuuup!!"

The aliens and Motemitsu's entourage both chased after him as he turned tail and ran. From behind stepped the shadow of a lone individual, one who'd been watching all along.

"What's with all the noise...?"

The shadow was Zastin, who stood gazing at the alien girls as they ran around, completely unaware of his presence. Naturally, Zastin himself had no idea what was going on.

"All right, time to hurry up and get back to Studio Saibai with these scones I waited in line to buy for everyone! It's chow time!"

And so, despite the alien girls having come all the way to Earth to see him, Zastin continued to live life at his own pace, off in his own little world. And of course, right on schedule...

"Huh? Where am I?"

It's not exactly the mark of someone cool and stylish to be completely and utterly lacking a sense of direction, but, well, here we are.

And so turns another page in the annals of galactic history...

READING DIRECTIONS

This book reads from *right to left*, Japanese style. If this is your first time reading manga, you start reading from the top right panel on each page and take it from there. If you get lost, just follow the numbered diagram here. It may seem backwards at first, but you'll get the hang of it! Have fun!

The Ghost of Sainan High

When you live surrounded by extra-terrestrials, it's hard to argue with the idea that aliens are real. But *ghosts*? Now that's something entirely different! Still, there's a lot of rumors about the school's oldest, abandoned building...and when Yuuki and company decide to investigate first-hand, they just might get more than they bargained for. Amidst all the romantic misadventure that surrounds their day-to-day lives, things are about to get just a little bit *paranormal*...
